

Virtual Meeting “Broadening Application areas of Geotextiles with User ministries and Manufacturers” was conducted.

A Meeting on “Broadening application areas of Geotextiles with User ministries and Manufacturers” was held at New Delhi (through VC mode) on 24th March 2022 under the chairmanship of Textiles Minister, Shri Piyush Goyal.

The meeting agenda focused on enhancing the penetration of Geotextiles in India by identifying infrastructural & policy bottlenecks and recommending mitigating measures. The meeting was commenced by presentation on Geotextiles: Roads, Railways and Waterways.

The Minister advised to Ministry & Industry for a focused approach to be undertaken for developing high quality geotextile and geosynthetic products aligned with World-Class Standards.

Also, it was suggested to utilize PLI & PM MITRA Scheme for upscaling, attaining economies of scale and increasing domestically driven demand in the geotextile space.
